## SELF-SERVICE SHOW

Unattended retail has become a way of life around the world. Additionally, implementation of self-service kiosks, tablets and other freestanding interactive displays is growing in restaurants, transportation, hospitality, corporate and education environments, among others. To meet this demand, DSE offers an entire pavilion devoted to this unique technology.

Choose a 10' x 20' or 20' x 20' space to showcase your products. The Self-Service Show's central location on the show floor makes it easy for attendees to find you!

### RATE

	DSF Member	Non-DSF Member
10' x 20'	\$7,800	\$8,600
20' x 20'	\$15,600	\$17,200

*According to The Kiosk and Retail Report, a USA Technologies collaboration with PYMNTS.com, by the time the next decade rolls around, the interactive kiosk industry market will be worth \$1.073 billion.*
